

## Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system.

**THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

**THE ONE REMEDY** so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

Most everyone you met was looking for something. Seven or eight boats were in Detwiler's pond. Some folks got angry, but mostly it was laughed at and recalled other days of youth.
